

Course Agreement

Effective Date: February 3rd, 2023

THE AGREEMENT: This Course Agreement (hereinafter, "Agreement") is made by and between Arrhythmia Technologies Institute, a business, organized under the laws of the state of South Carolina, hereinafter referred to as "Course Provider," and you, further defined below, as a participant in the Course, also defined below.

All parts and sub-parts of this Agreement are specifically incorporated by reference here. This Agreement shall govern the use of all pages and screens in and on the Course (all collectively referred to as "Course") and any services provided by or on this Course Provider through the Course ("Services") and/or on the Course Provider's website ("Website").

Article 1 - DEFINITIONS:

A) The parties referred to in this Agreement shall be defined as follows:

I) Course Provider, us, we: Course Provider, as the creator, operator, and publisher of the Course, is responsible for providing the Course publicly. Course Provider, us, we, our, ours and other first-person pronouns will refer to the Course Provider, as well as, if applicable, all employees and affiliates of the Course Provider.

II) You, the user, the participant: You, as the participant in the course and user of the Website, will be referred to throughout this Agreement with second-person pronouns such as you, your, yours, or as user or participant.

III) Parties: Collectively, the parties to this Agreement (Course Provider and You) will be referred to as Parties.

B) The Course details are as follows:

I) Course Name: ATI's Jumpstart Online

II) Course Description:

Over the past thirty years, ATI has been a go-to resource for education in the cardiac rhythm management space. The Jumpstart program originally began as an in-person-only course, but over time has evolved into both an online and in-person course. The Jumpstart Online program contains xxx hours of self-paced, interactive online modules, lessons, tests and resources designed specifically for allied health professionals with one year or less of experience working in a device clinic and individuals interested in expanding their knowledge in the field of cardiac rhythm and device management. Initiation into the CRM world can be

a lengthy process and it takes many AHP's and industry professionals a year or more to become proficient in this specialty; thus, this course represents the beginning of a learning journey rather than the end of one. This online course can be completed on its own, or in conjunction with our one-week in-person course at ATI in Greenville, SC. The in-person course is primarily focused on hands-on programmer time in our cardiac device lab, featuring over thirty programmers from the four main CRM companies, equipped with patient simulators and a variety of devices.

While the approximate duration of the recorded lessons and lectures is 40 hours, we recommend an estimated completion time of four to six weeks, taking additional time to attend optional Zoom lectures and Q&A sessions, as well as review, study and reference the many resources offered within the program, including interactive programmer and lead testing tutorials. Upon completion of the program, you will receive a certificate to acknowledge your accomplishment.

For individuals with more than one year of cardiac rhythm management or clinic experience, we recommend our upcoming Advanced Jumpstart Online option, which dives deeper into implantable defibrillators, cardiac resynchronization therapy, and troubleshooting on all types of devices. This course will also include a comprehensive discussion of company-specific algorithms that can be used to optimize and enhance programming for patients.

III) Total Course Fees ("Fees"): \$1,500 (one thousand five hundred US dollars)

IV) Course URL: atischool.absorblms.com
